

Small Coils EM Series

Three pre-defined sizes available for small parts and tools

PRODUCT DESCRIPTION

Compact glass fibre reinforced plastic housing with winding, mains connection and carrying handle. The model EM0402 and EM1005 have a thermal contact as anti-overheating protection, Model EM1010 is suitable for continuous operation.

PROCEDURE

Continuous degaussing (manual passage or immersion of the parts to be demagnetized)

APPLICATION

Degaussing of small steel parts or hand-operated tools (pins, screw drivers, measuring devices etc.)
